The Power and the Glory-Graham Greene 2018-03-13 This prize-winning novel of a fugitive priest in Mexico is quite simply “Graham Greene’s masterpiece” (John Updike, *The New York Review of Books*). In the Mexican state of Tabasco in the 1930s, all vestiges of Catholicism are being outlawed by the government. As churches are razed, icons are banned, and the price of devotion is execution, an unnamed member of the clergy flees. He’s known only as the “whisky priest.” Beset by heretical vices, guilt, and an immoral past, he’s torn between self-destruction and self-preservation. Too modest to be a martyr, too stubborn to follow the law, and too craven to take a bullet, he now travels as one of the hunted—attending, in secret, to the spiritual needs of the faithful. When a peasant begs him to return to Tabasco to hear the confessions of a dying man, the whisky priest knows it’s a trap. But it’s also his duty—and possibly his salvation. Named by *Time* magazine as one of the hundred best English-language novels written since 1923, *The Power and the Glory* is “a violent, raw” work on “suffering, strained faith, and ultimate redemption” (*The Atlantic*).

Catholicism and Fundamentalism-Karl Keating 2016-10-19 Karl Keating defends Catholicism from fundamentalist attacks and explains why fundamentalism has been so successful in converting “Romanists”. After showing the origins of fundamentalism, he examines representative anti-Catholic groups and presents their arguments in their own words. His rebuttals are clear, detailed, and charitable. Special emphasis is given to the scriptural basis for Catholic doctrines and beliefs.

What Catholics Really Believe-Karl Keating 2010-06-09 The popular apologist and best-selling author of Catholicism and Fundamentalism addresses fifty-two of the most common misconceptions about the Catholic Faith that are held by many Catholics and Protestants. Drawing upon Scripture and the Catholic tradition, he not only shows the logical errors in these positions but clearly spells out Catholic teaching and explains the rationale behind frequently misunderstood doctrines and practices. An excellent guide to what Catholics really believe and why.

These apparitions are fascinating, and have gripped the imagination of people all over the world, from simple believers to academic theologians; from skeptics to the curious; from scientists to popes. Fatima: 100 Questions and Answers on the Marian Apparitions utilizes a question-and-answer format to explore the context of these apparitions, why they were so engrossing at the time, what they have meant to the Church and the world in the century since they happened, and why the requests of Our Lady are so important today. Questions include: - Who were these children? Why would Mary appear to them? - What were the so-called "Secrets of Fatima"? - What really happened during the Miracle of the Sun? - In what ways were the children persecuted by the powerful Freemasons in the Portuguese government? - Did the children see a vision that predicted the attempted assassination of St. John Paul II? Death Comes for the Archbishop-Willa Cather 2021-09-26 Death Comes for the Archbishop Willa Cather - Willa Cather described the result of her bold experimentation into advancing the art of the novel in *Death Comes for the Archbishop* as “altogether a new kind of thing.” Reviewers, critics, scholars, and academicians have described the work in a multiplicity of terms: chronicle, character study, intimate epic, regional historical fiction, and even, in the lyrical language of one writer, “an interplay of environment and character.” Such a distinctively idiosyncratic and successful endeavor was *Death Comes for the Archbishop* in the eyes of its creator that it moved Willa Cather—arguably one of the five best writers in America at any time during her long career—to request an increase in her standard royalty payment by one percent. *Death Comes for the Archbishop* is the story of the life of Archbishop Jean Marie Latour, a French missionary. He is given the task of overseeing the diocese of New Mexico, which has just been annexed by the United States from Mexico. His flock are Mexicans who are now displaced from their country, Native Americans who are still fighting to keep their land, and Americans settling the area. The year is 1851. Latour travels to New Mexico with his friend, Father Joseph Vaillant. They travel from their mission in Sandusky, Ohio to Santa Fe. The trip takes them a year. When they finally reach Santa Fe, the resident Mexican priests will not accept Latour’s authority, and so Latour must travel to Mexico for the proper papers from the Bishop of Durango. While he is gone, Father Joseph ingratiates himself within the community. When Father Latour returns, he finds the people willing to accept him. The diocese that Father Latour has is huge in scope, and there are many priests under his authority. There are also many settlements that do not have resident priests. He must travel to attend to his people and convert the natives. His time is largely spent traveling.

These Truths: A History of the United States-Jill Lepore 2018-09-18 New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore’s groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation’s history. The American experiment rests on three ideas—“these truths,” Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? These Truths tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation’s truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore’s sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues’ gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. “A nation born in contradiction will fight forever over the meaning of its history,” Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. “The past is an inheritance, a gift and a burden.” These Truths observes. “It can’t be shirked. There’s nothing for it but to get to know it.”

The Heart of the Matter-Graham Greene 1951-01-01 Sitting there, facing Bond Street, he had his face turned to the sea. His pallor showed how recently he had emerged from it into the port: so did his lack of interest in the schoolgirls opposite. He was like the lagging finger of the barometer, still pointing to Fair long after its companion had moved to Stormy. Below him the black clerks moved churchward, but their wives in brilliant afternoon dresses of blue and cerise aroused no interest in Wilson. He was alone on the balcony except for one bearded Indian in a turban who had already tried to tell his fortune: this was not the hour or the day for white men they would be at the beach five miles away, but Wilson had no car. He felt almost intolerably lonely. On either side of the school the tin roofs sloped towards the sea, and the corrugated iron above his head clanged and clattered as aulture alighted.
